RE: Jim Pattison Children's Hospital Foundation Professional Development Fund

In partnership with the Jim Pattison Children's Hospital Foundation (JPCHF), we are pleased to announce the third year of the JPCHF Professional Development Fund, which will enhance the clinical knowledge, skills, and connection of Maternal Child Staff in Saskatchewan to leading practices and programs. JPCHF has graciously allocated \$70,000 towards professional development opportunities for team members supporting maternal and children's services.

Applications are available on the [Moms and Kids Health Saskatchewan Website](#). The bundle outlines how to apply, the criteria for application, and the approval guidelines. Please remember to apply early as applications will be prioritized in the chronological order in which they were received. Please note that the funding cycle runs September 1 through August 31.

Please carefully review the updated application criteria, and most importantly, the expense reimbursement process. The review committee has updated the application package for clarity.

The Jim Pattison Children's Hospital Foundation has proudly sponsored educational opportunities since 2019, advancing clinical care and improving the experience of children and families. We are grateful for the ongoing dedication and generosity of the JPCHF and wish to recognize and thank them for their partnership and commitment to supporting every child and every family to achieve their fullest potential with innovative child and family centered care.

Please reach out to your manager if you have questions about the application process.
